

Spanish Sample Package Grades 3-8

Includes the 54 activity titles listed below

Copyrighted materials – not reproducible

Cause & Effect	Moon Phases Review
Characteristics of Living Things	Mountains, Valleys, Plains & Plateaus
Characteristics of the Earth, Moon & Sun	Natural World Patterns
Claims-Evidence-Reasoning I	Nothing Stays the Same
Claims vs Evidence	Objects in Space
Comparing Life Stages	Observations vs Inferences
Conductors vs Insulators	Plants Tic-Tac-Toe
Conclusion Cards	Plate Tectonics
Ecosystems Tic-Tac-Toe	Reasons for Seasons
Effects of Oceans on Land	Reflection or Refraction
Electric Circuits	Resources Rule
Electricity & Magnetism Tic-Tac-Toe	Revolution and Rotation
Food Web Work	Safety Scenario & Symbol Cards
Force & Motion	Seasons
Forces that Change the Landscape	Separating Mixtures
Forms of Energy	Simple Machines
Fossils or Not	Soil Formation Story
Human Body Systems	Soil Study
Inherited or Learned	Solids, Liquids, Gases
Leaf Lineup	Structures of Survival
Life Cycles	Testable Questions
Life Processes	The Sun-Parts & Characteristics
Light & Sound Tic-Tac-Toe	Variables
Mapping the Weather	Water Cycle
Match Mates Force & Motion	Weather vs Climate
Match Mates-Weather	What Happened Before
Measurement Tools	What's the Temperature?

- Laminate all materials before using for longer durability.
- Cut manipulative pieces apart and store in bags or envelopes.
- Use with small student groups to encourage scientific dialogue.
- Use as engage activities, learning activities during lesson sequences, formative assessments, or as reviews, tutorials or extensions.
- Differentiate for the specific abilities of a student or group (Special Education, ELL, GT) by removing/adding manipulative pieces in each set.
- Provide reference materials for students to access content information.
- Encourage students to record key information from each activity in a science notebook.
